

SEO PERFORMANCE REPORT

CLIENT	Providence Chiropractic
WEBSITE	https://providence-chiropractic.com/
LOCATION	Fort Mill, South Carolina
PERIOD	Last 3 Months vs Previous 3 Months

PREPARED BY
COFFEE STOUT MEDIA

01 Executive Summary

The last three months delivered **strong, measurable SEO gains** for Providence Chiropractic. Search visibility, click-through performance, and technical health all improved meaningfully.

HEADLINE METRICS · VS PREVIOUS 3 MONTHS

CLICKS	AVG CTR	AVG POSITION	SITE HEALTH
205 ▲ +8.5%	1.0% ▲ +25%	10.2 ▲ from 16.6	99 ▲ from 74

HEADLINE RESULTS

- **Organic clicks grew 8.5%** (189 to 205).
- **Average ranking improved 6.4 positions** (16.6 to 10.2). The site now sits on page 1 of Google on average, up from page 2.
- **Click-through rate rose 25%** (0.8% to 1.0%).
- **Site Health Score climbed to Excellent** (74 to 99). Critical errors dropped from 64 to 2.
- **Authority strengthened.** Domain Rating rose from 5 to 16, and 127 new referring domains were added.

► BOTTOM LINE

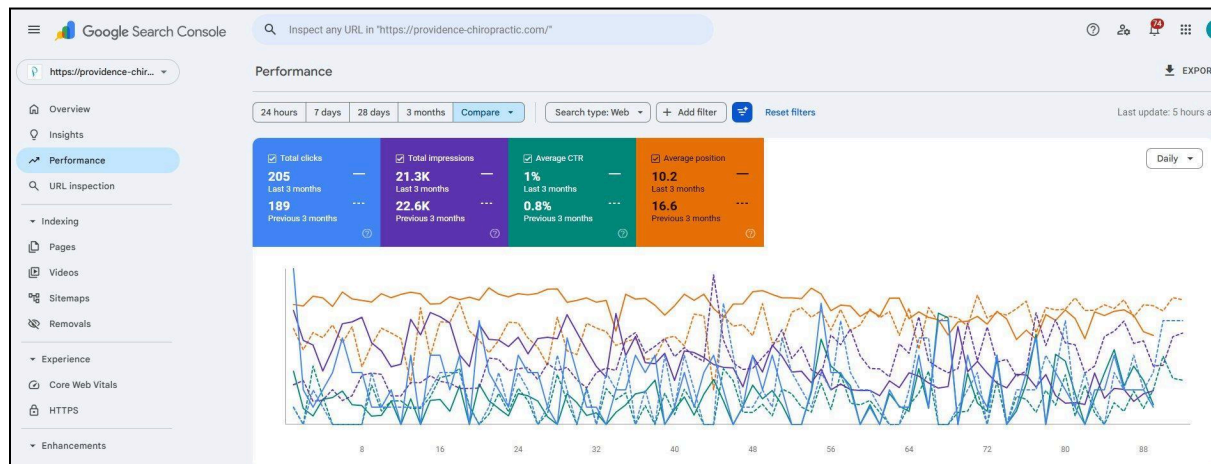

More people are finding Providence Chiropractic on Google. The site ranks higher, and a larger share of searchers click through. The technical foundation is now in excellent shape, which sets up the next phase: capturing more non-branded local searches and expanding into surrounding service areas.

02 Google Search Performance

Performance Comparison

METRIC	LAST 3 MO	PREVIOUS	CHANGE
Total Clicks	205	189	▲ +8.5%
Total Impressions	21,300	22,600	▼ -5.8%
Average CTR	1.0%	0.8%	▲ +25%
Average Position	10.2	16.6	▲ +6.4

READING THE DATA

Impressions held steady while clicks and CTR both improved. Search visibility is now converting into more actual website visits, a more valuable outcome than raw impression growth.

Average position improved 6.4 spots. The site moved from page 2 (position 16.6) onto page 1 (position 10.2) on average across all tracked keywords.

Traffic by Device

DEVICE	CLICKS (LAST)	CLICKS (PREV)	AVG POS
Mobile	128	109	6.67
Desktop	71	76	15.92
Tablet	6	4	4.13

MOBILE IS THE STRONGEST CHANNEL

Mobile drives 62% of clicks at an average position of 6.67, the strongest device-level ranking.
96% of clicks come from the United States, matching the target market for a Fort Mill chiropractic practice.
This aligns with local chiropractic search behavior. Most patients search on their phones, and they search local.

03 Keyword Performance

Top Keywords Driving Traffic

The site is winning on its strongest commercial terms. Brand and brand-plus-location queries now rank at or near the top of Google.

#	KEYWORD	CLICKS	POSITION	PREV POS
1	providence chiropractic	31	6.34	16.29
2	chiropractor fort mill sc	12	7.37	16.89
3	providence chiropractic fort mill sc	7	1.13	1.18
4	fort mill chiropractor	4	18.58	30.38
5	chiropractor fort mill, sc	3	15.86	13.50
6	providence chiropractor	2	7.92	6.37
7	chiropractor for pregnancy near me	2	5.80	2.00
8	chiropractor fort mill	1	17.53	30.73
9	can a chiropractor help with spinal stenosis	1	7.45	5.02
10	chiropractor near me	1	6.25	10.21

Big Ranking Movers

Several high-value keywords climbed significantly in the last 3 months.

KEYWORD	FROM	TO	CHANGE
fort mill chiropractic	35.91	12.75	▲ +23 spots
chiropractor fort mill	30.73	17.53	▲ +13 spots
fort mill chiropractor	30.38	18.58	▲ +12 spots
providence chiropractic	16.29	6.34	▲ +10 spots
chiropractor fort mill sc	16.89	7.37	▲ +9.5 spots
chiropractor in fort mill sc	11.17	5.62	▲ +5.5 spots

QUICK-WIN KEYWORDS · CLOSE TO PAGE 1

These keywords already get strong impression volume and sit within reach of page 1. Pushing them up will deliver the largest near-term traffic gains.

- **fort mill chiropractor** (502 impressions, position 18.58)
- **chiropractor fort mill** (312 impressions, position 17.53)
- **fort mill chiropractic** (277 impressions, position 12.75)
- **chiropractic fort mill sc** (116 impressions, position 18.86)
- **chiropractor fort mill, sc** (97 impressions, position 15.86)
- **best chiropractor in fort mill** (75 impressions, position 13.28)

Top Performing Pages

PAGE	CLICKS (LAST)	CLICKS (PREV)	AVG POS
Homepage	103	99	9.00
Spinal Stenosis Guide	28	39	5.21
Fort Mill Chiropractic Team	23	23	9.17
Chiropractic Technique Page	10	5	13.33
Pregnancy Chiropractor Page	8	4	35.69
Sinus Problems Article	5	4	4.76
Energy Article	3	3	4.86
Ehlers-Danlos Article	3	1	2.61

PAGE PERFORMANCE READ

The homepage, technique page, pregnancy page, and Ehlers-Danlos article all grew clicks compared to the previous period.

The pregnancy chiropractor page doubled its clicks (4 to 8), with significant room to grow further. Still ranks at position 35.69 with 794 impressions, which means strong content lift here will pay off.

04 Technical SEO Improvements

A major technical clean-up was completed across the website. The results show clearly in the site health metrics.

Site Health · Before & After

METRIC	BEFORE (JUL)	NOW (MAY)	CHANGE
Site Health Score	74 (Good)	99 (Excellent)	+25 pts
Critical Errors	64	2	-62
URLs with Errors	61	2	-59
Slow Pages	41	26	-15

WHAT THIS MEANS

The site moved from Good to Excellent health. Critical errors dropped 97% (from 64 to 2). URLs with errors dropped 97% (from 61 to 2).

The technical foundation is now in excellent shape. The site is faster, cleaner, and easier for Google to crawl and rank.

Technical Work Completed

Over the course of this engagement, the following technical issues were resolved across the website.

- Fixed all 404 and 4XX page errors
- Cleaned up broken internal links
- Resolved the orphan page issue (pages with no incoming links)
- Reduced long title tag issues from 15 to 2
- Fixed page-to-SERP title mismatches from 13 to 3
- Added missing meta descriptions to all indexable pages
- Resolved multiple H1 tag issues for cleaner heading structure
- Reduced missing image alt text from 23 to 9
- Resolved indexable pages missing from sitemap

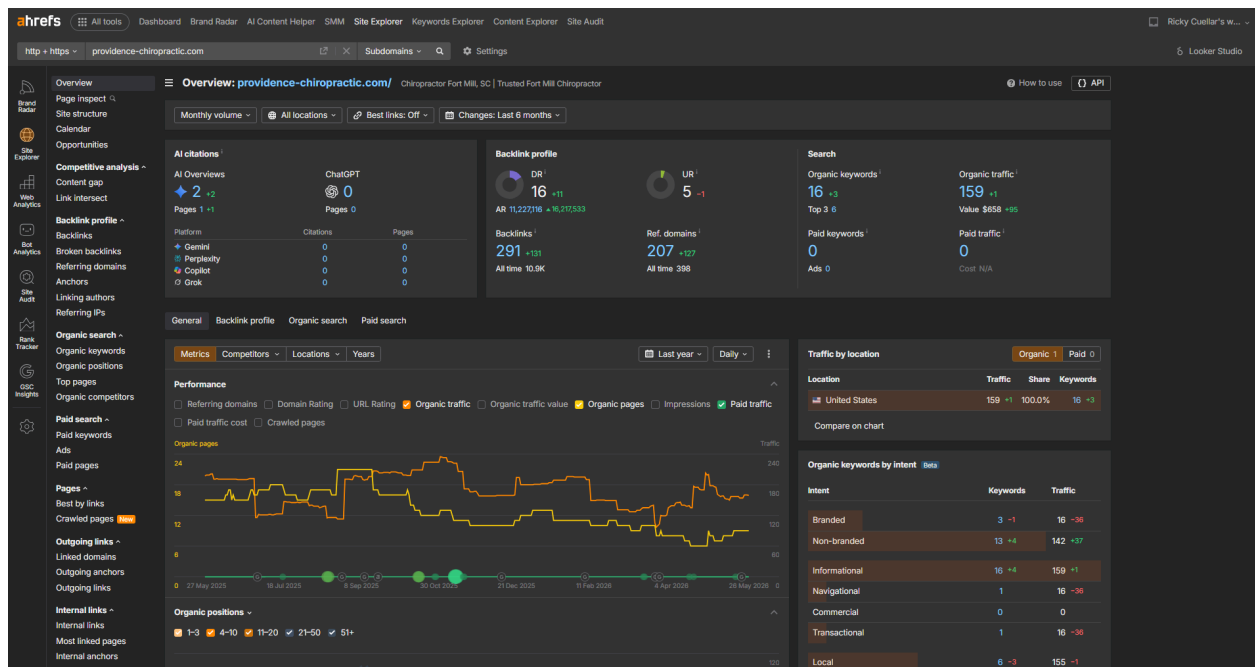

Issue	Crawled	Change	Added	New	Removed	Missing

Other						
No. of referring domains dropped	5	5	—	—	—	—

05 Domain Authority & Backlinks

Authority signals have strengthened significantly. Search engines now see Providence Chiropractic as a more trusted source.

METRIC	CURRENT	GROWTH
Domain Rating	16	▲ +11
Referring Domains	207	▲ +127
Total Backlinks	291	▲ +131
Organic Keywords Ranking	17	▲ +4
Est. Organic Traffic Value	\$660/month	▲ +\$96
Followed Referring Domains	60	Stable
AI Citations (Google AI Overview)	2	▲ +1 page

AUTHORITY GROWTH

Domain Rating tripled, moving from 5 to 16. That is a significant authority gain for a local business in a 6-month window.

127 new referring domains plus Google AI Overview presence means the site has earned recognition from many more sources and is showing up in AI search surfaces. Both compound over time.

Search Intent Coverage

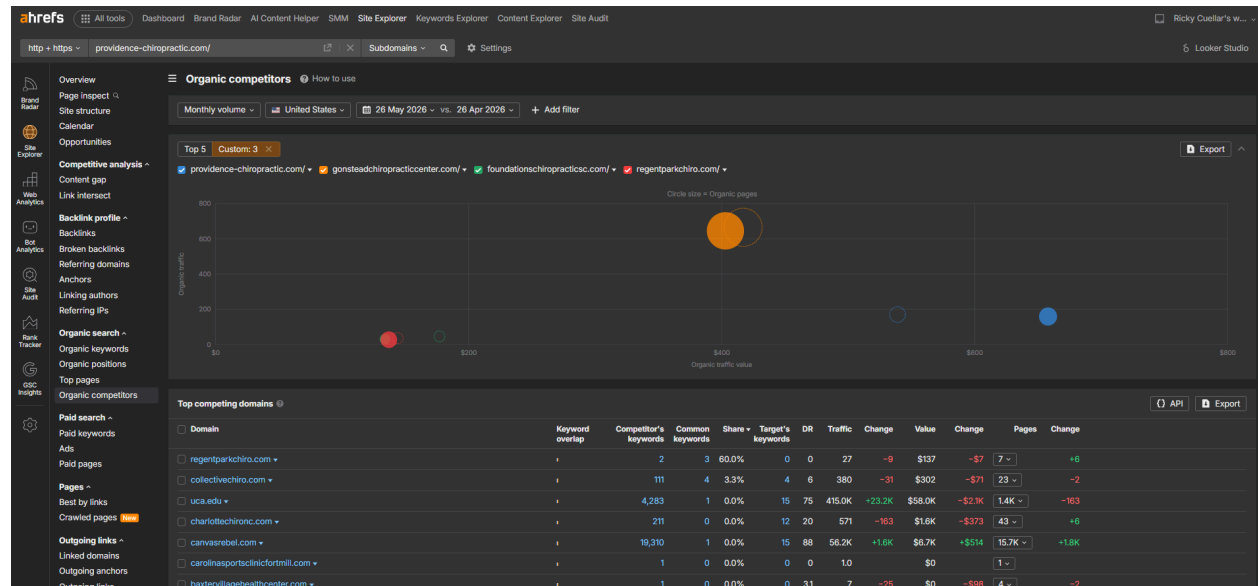

Local-intent traffic is the largest category. This is exactly the right shape for a service-area business like a chiropractor. Informational traffic supports authority, while transactional and branded traffic capture intent at the bottom.

INTENT TYPE	KEYWORDS	TRAFFIC
Local searches	6	155
Informational searches	17	159
Non-branded searches	14	142
Transactional searches	1	16
Branded searches	3	16

06 Competitive Position

Two main local competitors compete with Providence Chiropractic in the Fort Mill area: Regent Park Chiropractic and Collective Chiropractic. The data shows real opportunity to expand market share.

COMPETITOR	OVERLAP	COMMON KW	THEIR KW
regentparkchiro.com	15.7%	3	2
collectivechiro.com	3.1%	4	112

OPPORTUNITY READ

Collective Chiropractic ranks for 112 keywords that Providence Chiropractic does not. Capturing a share of these terms (most are local service combinations) is a clear growth path for the next phase of work.

Regent Park Chiropractic only ranks for 2 keywords, which means Providence is already ahead on direct competition at the keyword level.

Opportunity: the Fort Mill chiropractic market is winnable. Continued local content depth and service-area expansion should translate directly into more market share.

Service Area Expansion · In Progress

Five new location pages have been written and are ready for publishing. Each is built to target searches in the surrounding service areas.

LOCATION PAGE	STATUS
Chiropractor in Rock Hill, SC	<i>Ready to publish</i>
Chiropractor in York, SC	<i>Ready to publish</i>
Chiropractor in Clover, SC	<i>Ready to publish</i>
Chiropractor in Tega Cay, SC	<i>Ready to publish</i>
Chiropractor in Matthews, NC	<i>Ready to publish</i>

EACH PAGE IS BUILT RIGHT

Optimized URL slug, title, meta description, headings, and local content.

Once approved and published, these pages will open up a meaningful new traffic channel from people searching for chiropractors in those nearby towns.

07 Strategic Roadmap

With the technical foundation in excellent shape and core branded terms ranking well, the next phase focuses on expanding non-branded local visibility and turning more searchers into patients. Five priorities, sequenced for impact and effort.

01

Launch Service Area Pages

Why: Publish the 5 ready-to-go location pages (Rock Hill, York, Clover, Tega Cay, Matthews NC) to start ranking for chiropractor searches in neighboring towns. This opens new geographic traffic channels that the business is not currently capturing.

ACTION

- Publish all 5 location pages with finalized content
- Submit URLs to GSC for indexing
- Add internal links from homepage and main service page to each location page
- Add unique structured data (LocalBusiness, Service) per page

02

Push Core Local Keywords to Page 1

Why: Several high-volume non-branded terms ("fort mill chiropractor", "chiropractor fort mill", "best chiropractor in fort mill") sit just below page 1. Targeted content and internal linking work will move these into the top 10, where they capture the bulk of clicks.

ACTION

- Audit the pages currently ranking for these terms and refresh content where needed
- Add internal links from blog posts and location pages to the main Fort Mill service page
- Build out FAQ content addressing local patient questions
- Monitor weekly position changes for the top 6 quick-win keywords

03

Strengthen the Pregnancy Chiropractor Page

Why: This page already gets 794 impressions but ranks at position 35.69. Pregnancy chiropractic is a high-intent service that converts well. Clear room to grow with content improvements.

ACTION

- Expand the page with patient-focused copy: what to expect, what conditions it treats, who it is for
- Add patient testimonials with consent and proof signals
- Add Webster Technique section if applicable
- Internal links from homepage and related blog posts to the pregnancy page

04

Continue Speed Optimization

Why: 26 pages remain flagged as slow. Continued page speed work will improve Core Web Vitals scores and support higher rankings.

ACTION

- Run Core Web Vitals audit on the 26 slow pages
- Compress and convert images to WebP
- Address render-blocking resources
- Re-audit at the end of next month

05

Build Local Authority

Why: Earn additional local backlinks from Fort Mill area sources to continue building the Domain Rating that has already grown from 5 to 16.

ACTION

- Identify 5 to 10 local link opportunities (chamber of commerce, community sites, local health publications)
- Maintain Google Business Profile freshness with weekly posts and photos
- Patient review request workflow targeting 4 to 6 new reviews per period
- Monitor and disavow any low-quality backlinks if flagged

08 Final Summary

This reporting period delivered exactly what good SEO work should: stronger rankings, more clicks, better click-through rates, and a much healthier website foundation.

Branded searches are now winning, core local terms are climbing, and authority signals are strengthening.

WHERE WE ARE NOW

Rankings: average position improved 6.4 spots. Site is now on page 1 of Google on average.

Traffic: clicks up 8.5%. CTR up 25%. The visibility being earned is now converting into real visits.

Technical health: Excellent (99/100). Critical errors down from 64 to 2.

Authority: Domain Rating tripled (5 to 16). 127 new referring domains added.

Brand position: "providence chiropractic fort mill sc" locked at position 1.13. Local brand authority is established.

► BOTTOM LINE

The next phase builds on this foundation: launching the 5 geo-targeted pages, capturing more non-branded local searches, and continuing to grow domain authority. The website is well-positioned to keep gaining ground in the Fort Mill chiropractic market.
